

The Dive Experience of a Lifetime

Nootka Sound, located on the west coast of Vancouver Island, Canada, is referred to as the best-kept secret of salt water diving. It's time for us to share the secret!

Tahsis is a Village on the edge of discovery where the sea and the mountains forge an unforgettable landscape. Play in the ocean, explore our caves, hike the trails and watch eagle, seals and bears. Our world awaits.

Tahtsa offers incredible access to cold water dive sites. Within 20-30 minutes of our dock are the most popular and best enjoyed dives. All levels of divers are welcomed - we are here for the beginner to intermediate diver while ensuring that the advanced diver has many thrills as well!

Let us help plan your West Coast Diving Adventure from start to finish.

“We’ve been diving in a number of special places and you have some of the best diving - just outside of your dive shop!” Krista and Tim, Vancouver, BC

“...our favourite place by far was Tahsis.” Bridgette, University of New Brunswick
